

HD WORD ONLINE

Getting Started Video Library

We are excited to offer the HD Word Getting Started Video Library, a wonderful resource to help you get started. Access this library in the Supplemental Resources of HD Word Online.

To access these assets, please login to your HD Word Online subscription:

1. Go to Supplemental Resources
2. Click on Videos and Animations
3. Click on HD Word Getting Started Guides

To optimize your success, proceed through the videos in the order listed below:

HD WORD TEACHER GUIDES

Familiarize yourself with the structure and resources found in the HD Word Teacher Guides.

HD WORD GETTING STARTED WITH INSTRUCTION UNITS 1 AND 2

Familiarize yourself with the materials, lesson content, pacing, and flow of the first two HD Word units.

NAVIGATING HD WORD ONLINE

Learn how to efficiently navigate HD Word's teacher presentation tool.

LESSON DEMONSTRATIONS

Learn how to teach HD Word lessons with fidelity.

- **LESSON 1 (ORAL READING PROCEDURE)**

A recorded guide to understanding the standard procedure and benefits of Oral Reading Fluency.

- **LESSON 5**

A recorded guide to understanding the standard procedures for using the Student Workbook, including Detective Work, Word Sort, and Phrases and Sentences to Read.

HD WORD ONLINE'S SUPPLEMENTAL RESOURCES

Learn about the contents of this resource-rich environment that can help you make the most of HD Word.

- **HD WORD ALTERNATIVE SCOPE AND SEQUENCE**

Explore a 4-unit alternative start to HD Word that provides additional support and practice with the concepts in Unit 1.

- **HD WORD SUPPLEMENTAL SPELLING LISTS AND RESOURCES**

Learn how to incorporate encoding/spelling instruction into HD Word.

DIAGNOSING AND GROUPING

Learn about the simple, yet powerful, assessment and grouping process that will help you deliver targeted instruction.

- **DIAGNOSTIC DECODING SURVEYS OVERVIEW**

This 15-minute webinar focuses on the Diagnostic Decoding Surveys: one-on-one assessments of phonics skills for growing and struggling readers. The surveys are efficient and easy to administer and can be used to identify which skills have already been mastered and which need reinforcement.

In this resource, you'll learn how to assess 2-12th grade students, group them based on their decoding skills, and measure their progress as they advance through the grade(s).
